GAGE-LAB PRODUCTS
801-716-2972

10:30am April 16th & 17th

Measurement Systems Analysis (Gage R&R)

- Minimum requirements for fulfilling a GR&R
- Criteria that leads to a GR&R
- Analyzing and Interpreting the results
- Is it mandatory to follow AIAG's MSA manual?

Lunch 12:00am- 1:00pm April 16th & 17th

2:00pm April 16th & 17th

Is need for better quality driving and increasing GD&T use? Or is it the other way around?

- Evolution of Quality, then and now
- Is GD&T keeping up with the increased expectations of product quality?
- DESIGN, MANUFACTURING, and QUALITY - who comes first in the line?
- Is use of GD&T ensuring good metrology, and in turn better quality?

April 16-17, 2019
